

TAKING THE WEEKEND HOME SCRIBE

TIMING: Sunday morning, following Blessing/Image of Christ

EXPECTATION: Before the Speaker begins, write "Taking the Weekend Home" and "5 Key Principles" on the white board. Only write what is on this page as the speaker goes through the talk. Do not write all that the Attendees give as answers because those are not key points of the weekend. The speaker will draw the circle when he/she comes to that part in the talk. Write legibly and large enough for women to read. Stand to the side of the board during the talk when not writing. You can sit down once the final writing piece is complete.

PURPOSE: To outline the key principles of the Weekend
